

☯ 'Feng Shui Class 1' ☯

with Certified Teacher, Feng Shui Consultants & Spiritual Coaches

Tony Gyenis / Susanne Shields

This course is jam-packed with techniques and ideas to help you understand your home at a whole new level. Although it is an introduction to Feng Shui it will move fast. We only have time to scratch the surface in this one-day workshop but it will bring a new level of consciousness into your life. You have started a process that you are ready to hear and experience. The fact that you have or are considering signing up for this course shows that you are looking for a higher

level of personal transformation, health, prosperity and healing. Tony & Susanne has designed this course to help you begin to find what you want out of life through your home or business space. It is an honour that you have chosen them to start/continue your personal evolution into something deeper within yourself and your personal space...your home.

Please bring the follow items with you to the Workshop:

1. 18 **Red** Envelopes with \$1 in each to provide energetic permission.
2. An item that you have with you all the time such as a ring, necklace or a pen perhaps. This will be set on an Alter so the energy is captured and will be returned to you at the end of each day.
