

## Newsletter #2, October 2009

Greetings to everyone who hopes to change their life!

### Upcoming Events:

I will be holding my next Feng Shui Workshop on October 24<sup>th</sup> and 25<sup>th</sup>. Please respond to this email for additional information. If you are in a rural area, within an hour's drive of Ottawa, then with the signing up of a minimum of 6 people, we would be happy to arrange a course right in your area! For example, we recently did a Q&A session in Russell, which went phenomenally well. If at least 6 people from Russell sign up for our next course, then we will arrange to hold this course, or the same course at a date that is most convenient for all involved, within Russell, at a location to be determined. Please visit <http://www.iwillwin.ca/feng-shui-education> for more information, and fill out and send back the attached form to register for the upcoming Feng Shui workshop.

A number of our practitioners will be at Just Say Yes! on October 17<sup>th</sup> and 18<sup>th</sup>. Come on down and visit us there, we'd love to give you a sample tuning! For more information, please visit <http://just-say-yes.ca/>

I will be holding my next Level One, Solfeggio Tuning Forks Workshop on November 7<sup>th</sup> and 8<sup>th</sup>, 2009. Registration is open now; if you are interested, please contact us for a registration form today!

### Feng Shui Tip of the Month:

Everything in the washroom must work smoothly, as it mirrors your life. If you are going to use chemical cleaners that automatically releases blue water into your toilet bowl, ensure that it is as environmentally friendly as possible. Not only is it a good practice for the environment, but anything to do with water reflects your money. Remember to leave your toilet lid down! If you tell guys that they are losing money by keep the lid up this might do the trick; it's a huge drain, like flushing money down toilet. Keep your toilet clean and running smoothly, and your finances will do the same.

Natural Healing Tip of the Month:

Whatever you focus on is what is going to happen. Don't focus on the possible negative side of that next big meeting; think about how great it's going to go, and how glad you are that you get to showcase those new ideas you've been having. If all you think about is how worried you are that you will mess it up, that's what you're telling the universe your focus is, and that's what's going to happen! Stay positive, and focus on it!

Want additional help getting there? Reply to this email and request an appointment, and we can help you organize your life, your home, and your energy. We are here to help!

Thanking you for your support, and highest hopes for you to stay positive in your life,
